

Time Entry Page

The Time Entry Page now consists of quick access pagelets, allowing for efficient time entry and viewing of time information.

This page displays varying tiles dependent on the user's Core-CT access.

Time Entry Tiles

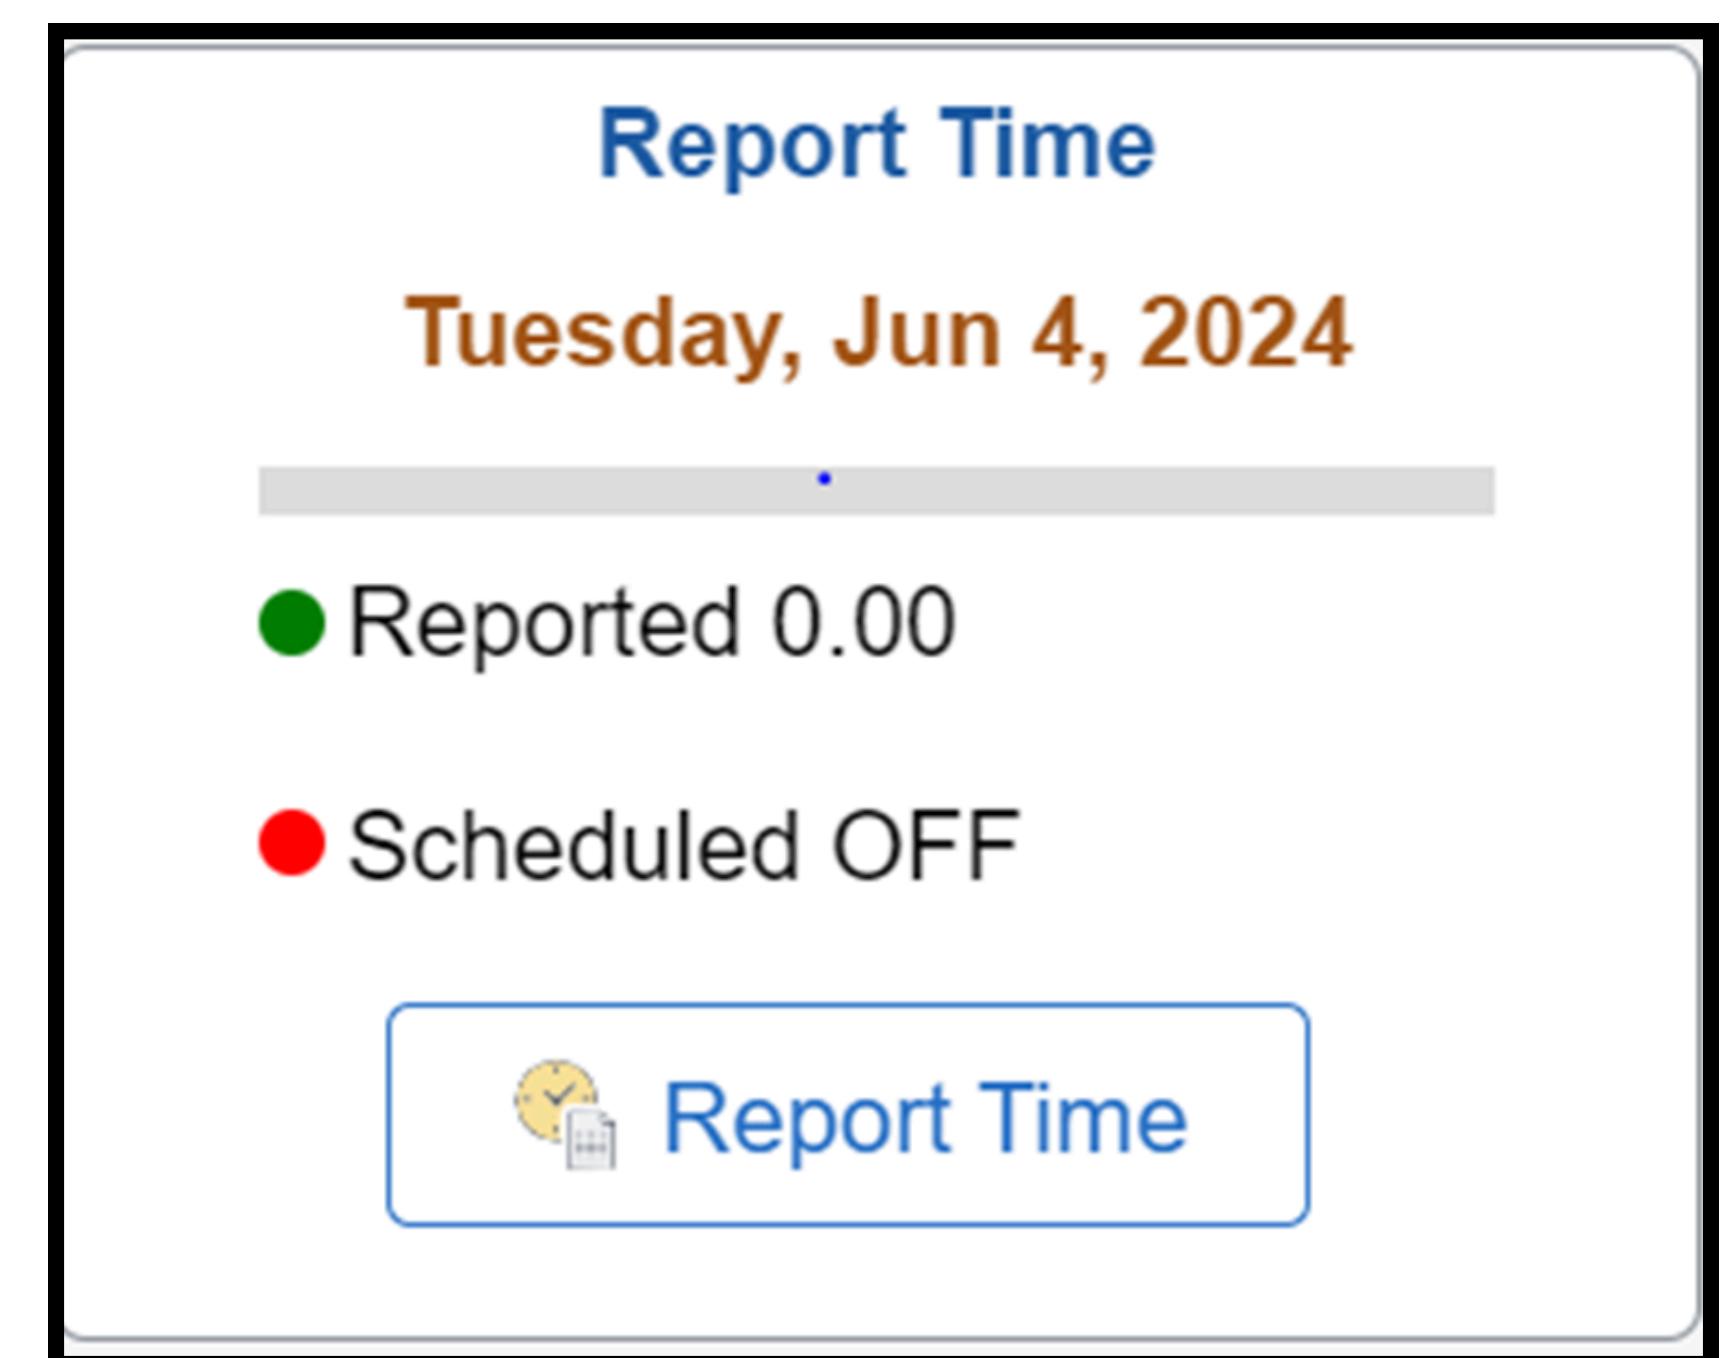

From the Enter Time tile you can report your time, defaulting to the current pay period.

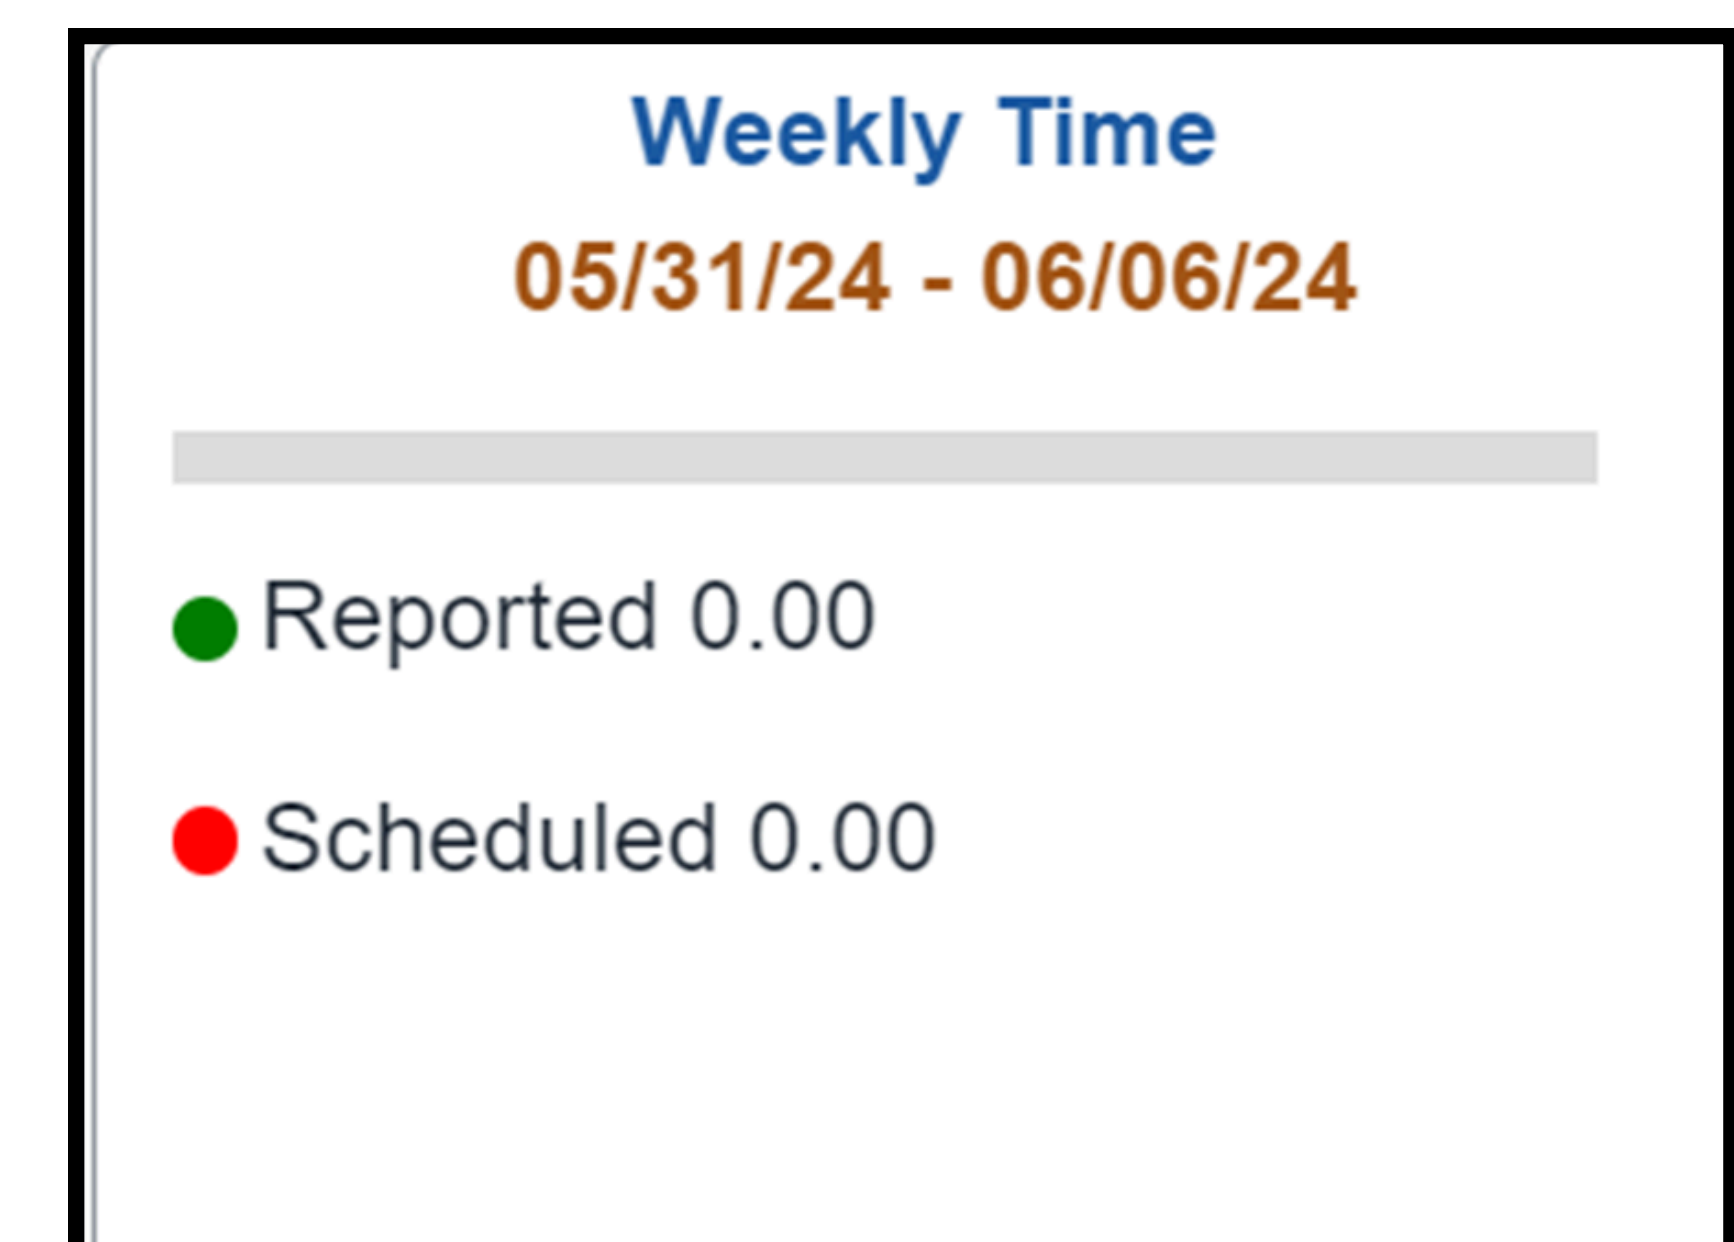

Once time is entered, the Time Summary tile displays a period summary.

Once set up, quick fill enters your time automatically.

The Report Time tile allows you to report time on a day-to-day basis.

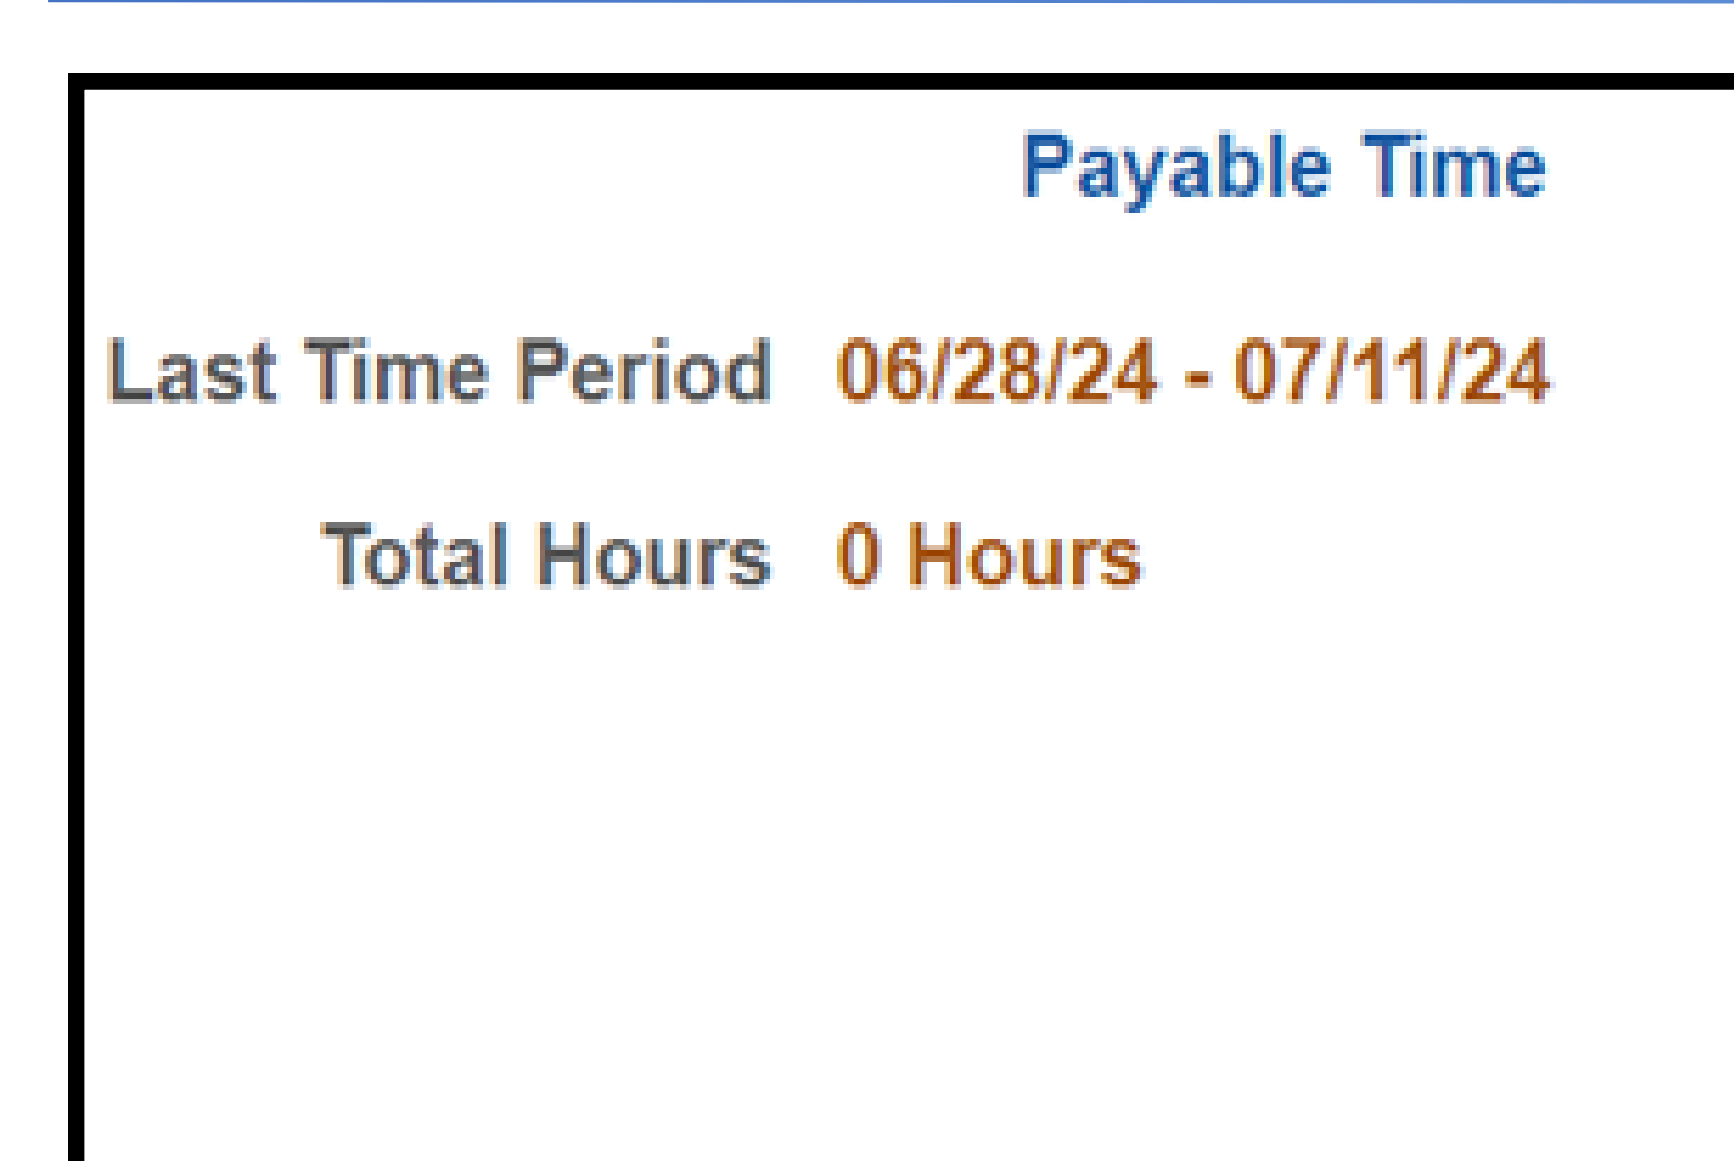

The Weekly Time tile allows you to report time for the current week.

The Weekly Time Summary tile allows you to view time worked during the current week.

The Leave/Comp Time tile allows you to see your available time off balances.

The Payable Time tile allows you to view either schedule or reported time that has been processed by Time Administration.
